

Booz Allen Hamilton Hot Jobs List

The following is an update highlighting new career opportunities at Booz Allen Hamilton for which military talent will be competitive. This update only highlights a small portion of our open career opportunities. To review **all** open jobs, please select [Booz Allen Hamilton Careers](#).

Booz Allen Hamilton will be hosting Interview and networking events in the following locations:

Are you in the DC area? Ask about our weekly interview events.

April 25 – Pax River, MD. If you are in the Pax River area and are interested in pursuing a career with Booz Allen Hamilton, select the following link for more information and to register: [Pax River Event](#)

April 30 – Washington, DC. If you are in the DC area and are interested in pursuing a career with Booz Allen Hamilton, select the following link for more information and to register: [DC Event](#)

May 7 & 8 – Kansas City, MO – Cyber Networking & Interview Event. If you are in the Kansas City, MO area and are interested in pursuing a career with Booz Allen Hamilton, select the following link for more information and to register; **May 7 networking event; May 8 Cyber interview Event:** [Kansas City Cyber Networking Event](#)

May 14 – Annapolis Junction, MD. If you are in the Baltimore/Annapolis Junction, MD area and are interested in pursuing a career with Booz Allen Hamilton, select the following link for more information and to register: [Annapolis Junction Event](#)

When reviewing the career opportunities, ensure you meet **all** the Basic Qualifications before applying. ***Please update me if you apply to any and I will work to help move the process forward for you.*** Please include the job number with your update.

Req	Title	Location	Qualifications
R0042199	Interface Control Officer/Instructor	Fort Bragg, NC	Secret; 5+ years of experience with Service, Joint, or combined data link interoperability operations, exercises, and training as an instructor or supervisor. Experience as a formal instructor in a service school or training command. Experience with tactical data link management tools, including Joint Range Extension (JRE), Joint Air Defense System Integrator (JADSI), Link Monitoring System–Multi TDL (LMS– MT), Amalgamated Remote Management System (ARMS), Battlefield Operations Support System (BOSS), Terminal Operating Environment Simulator (TOES), or Scalable Portable Integrated Data Router (SPIDR)

R0047401	Joint Military Analyst, Lead	Abu Dhabi	20+ years of experience as a US military officer in a warfare specialty or intelligence specialty at the O5-O6 level. Experience as a Joint qualified officer with JPME phases I or II, including Joint Staff, Combatant Command staff, or Joint Task Force staff.
R0040843	Cybersecurity Analyst	Bremerton, WA	Secret; B.A./BS; DoD 8570.01 IAT Level II Certification, including Security+ CE. 3+ years of experience with performing enterprise IT system administration or Cybersecurity engineering in administering Windows Operating Systems and UNIX and Linux environments. 2+ years of experience with operating and maintaining a Windows Domain environment, including Active Directory, DNS, or DHCP and Windows Operating System Hardening. 1+ years of experience with ACAS and Security Controls testing and accreditation package validation
R0049668	Cybersecurity Policy and Compliance Analyst, Senior	Seattle, WA	B.A./BS; Experience with DoD Cybersecurity or information assurance policy. Experience with RMF Authorization and Assessment activities, including conducting security control validation and maintaining system authorization packages
R0048173	Risk Management Framework and Information Assurance, Assessment, and Authorization Specialist	San Diego, CA	Secret; IAM Level II Certification, including Security+CE, CISM, CISSP, or CASP. 2+ years of experience with DoD Cybersecurity, Information Assurance (IA), DoD Information Assurance Certification and Accreditation Process (DIACAP), or Risk Management Framework (RMF). Experience with system and network vulnerability analysis, risk assessment and risk mitigation analyses, contingency planning, and firewall policies, ports, and protocols. Knowledge of IA or Information Security (INFOSEC) concepts and requirements

R0026752	Ship Acquisition and Logistics Program Analyst	Washington, DC	Secret; B.A./BS; 10+ years of experience with Navy acquisition logistics for new construction surface combatants consisting of a system of systems. 5+ years of experience with DoD acquisition programs and processes. Experience with US Navy ships and shipboard systems in providing acquisition logistics services and life cycle sustainment . Experience with logic acquisition for new construction and fleet introduction of Naval Ship, including design changes, ship alterations and identification of how these alterations affect logistics acquisition support
R0044023	Targeter	McLean, VA	TS/SCI w/poly; B.A./BS; Experience with the targeting life cycle. Knowledge of all-source intelligence, including SIGINT, MASINT, IMINT, and HUMINT. Ability to read and process all-source intelligence reports and implement directives, as presented daily. Ability to research, analyze, and fuse complex data sets and generate leads to advance dynamic objectives collection and analysis
R0053714	Foreign Military Sales Logistics Analyst	Arlington, VA	Secret; BA/BS, or AA/AS degree and 2+ years of experience in working with military aircraft in the logistics field, including F-16, F-15, or F-18, Or 4+ years of experience in working with military aircraft in the logistics field, including F-16, F-15, or F-18 may be substituted for a degree.
R0053552	Logistics Advisor, Senior	Washington, DC	Secret; B.A./BS; 15+ years of experience with Navy acquisition logistics for new construction surface combatants. Experience as a former US Navy Supply Corps Senior Officer with NAVSEA or Program Executive Office (PEO). Experience with US Navy PEO support providing acquisition logistics services and expertise for ship and shipboard systems
R0051351	Help Desk Specialist	Sierra Vista, AZ	TS/SCI; BS CS, CompEng, Network Eng, InfoSystems, or IT. 8+ years of experience with troubleshooting and debugging computer systems. Experience with performing routine system maintenance, computer system administrative functions, and analysis of system operations. Knowledge of the Distributed Common Ground System-Army (DCGS-A) Family of Systems (FoS)

R0052049	Cybersecurity Policy and Compliance Analyst	San Diego, CA	TS/SCI; DoDI 8570 IA Workforce Certification. 3+ years of experience with Cybersecurity or IT. Experience with supporting Risk Management Framework Assessment and Authorization (A&A) activities, including conducting security control validation and maintaining system authorization packages. Experience with writing, maintaining, and updating the Body of Evidence (BoE) required for SAP authorization packages, including System Security Plan (SSP), Security Test Plans, POA&M, and Security Controls Traceability Matrix (SCTM)
R0049185	Integrated Master Scheduler, Mid	San Diego, CA	Secret; 2+ years of experience with Critical Path Management (CPM) scheduling and planning. 2+ years of experience with managing enterprise or integrated schedules. Experience with performing Schedule Risk Assessments (SRA)
R0049319	Naval Training Delivery Services Desktop Administrator	Port Hueneme, CA	Secret; Security+ Certification. 2+ years of experience with connectivity, interoperability, operational readiness, and security and compliance systems maintenance. Experience with systems and hardware and software administration and integration
R0054062	Budget Analyst	Colorado Springs, CO	TS/SCI; B.A./BS; Experience with Planning, Programming, Budget, and Execution (PPBE) budget cycle activities, including the Congressional Budget Justification Book (CBJB) and Integrated Planning and Budget System (IPBS)
R0044308	ELINT Signals Analyst, Mid	Aurora, CO	TS/SCI w/poly; 4+ years of experience with signals analysis, or B.A./BS and 2+ years of experience with signals analysis, or M.A./MS and 1+ year of experience with signals analysis. Experience with ELINT technical analysis. Ability to evaluate new tool integration, software maintenance releases, and evaluate impacts to operations
R0054404	Project Manager	Washington, DC	B.A./BS; PMP certification; 8+ years of experience with project and program management. Experience with directing and controlling the activities of one or more large programs, including 100+ FTE

R0053303	Naval Test and Evaluation Analyst	Jacksonville, FL	Secret; B.A./BS; 15+ years of experience with Navy surface ship schedules and operations, programs and program offices, surface ship systems, and DoD budgets. Experience with Fleet surface ship scheduling activities and working with Fleet and TYCOM staffs
R0053676	IT Systems Engineer, Mid	Augusta, GA	Ts/SCI; B.A./BS; DoDI 8140 IAT Level II Certification. 10+ years of experience with progressive career development in engineering and deploying advanced IT systems. Experience with operating systems, including Microsoft Windows and Linux. Experience with the design, integration, and deployment of virtualization systems, including shared network storage
R0053361	Games for Training Engineer	Leavenworth, KS	Secret; B.A./BS; 4 years of experience with software development and simulation integration in the Microsoft Windows and Linux family of operating systems, including hardware and software standards and protocols and how to apply architectures to real world requirements using current Live, Virtual, Constructive and Gaming (LVC-G) platforms. Experience with providing technical advice for gaming development on the LVC-G training environment
R0051272	Target Analyst Reporter, Mid	Fort Meade, MD	TS/SCI w/poly; Completion of the reporting boot camp, including RPTG3225 or RPTG2235. 2+ years of experience with signals intelligence reporting
R0050427	Training and Evaluation Specialist	Fort Meade, MD	TS/SCI w/poly; B.A./BS; Experience with the human capital life cycle. Experience with developing data collection approaches and tools, including qualitative and quantitative data analyses. Experience with subject matter expert group facilitation. Knowledge of workforce development principles and models, including Cyber workforce frameworks, such as NICE and DCWF

R0052086	Equipment Logistics Specialist, Mid	Lexington, MA	Secret; B.A./BS; 5+ years of experience as an equipment specialist in the DoD. Experience with the sustainment of USAF technical manuals developed in accordance with MIL-DTL 87929. Experience with the Air Force equipment provisioning and cataloging process. Ability to coordinate with Inventory Control Point (ICP) personnel at Air Force Depots, manage hardware changes to product baselines, and work with the D-220 Provisioning System
R0054501	Intelligence IT Specialist	Fort Dix, NJ	DoD8570 IAT Level II Certification. 3+ years of experience with IT technology related to the intelligence community
R0053274	Product Manager Lead	Rome, NY	TS/SCI; B.A./BS; 5+ years of experience with software system engineering in Linux. 3+ years of experience as a Scrum Master, including leading various technical delivery projects involving software engineering programs and staff . 2+ years of experience with leading multiple Scrum teams
R0041594	Technical Writer	Fayetteville, NC	TS; B.A./BS; 5+ years of experience with developing capability requirements generation and documentation. Experience with CDD packages, including key performance parameters (KPPs), Key System Attributes (KSA), and Ariel performance analysis system (APAs. Experience with military and DoD Joint Capabilities Integration and Development System (JCIDS) and military strategic planning process
R0049416	Airborne Cryptologic Certification Training Instructor	Oklahoma City, OK	TS/SCI; 2+ years experience as an Operation Tradecraft and Training (OTT) certified trainer, Instructional Systems Designer (ISD), or instructor. Experience with curriculum or training development
R0053766	Logistics Analyst, Mid	Charleston, SC	Technical Training in ATC, Meteorology and Oceanography (METOC), US Antarctic Program (USAP), Naval Flight Information Group (NAVFIG) Terminal Instrument Procedures (TERPS) Program, or the US Air Forces Central (USAFCENT) programs, systems, and equipment. 15+ years of experience with Aviation Command and Control Projects, including 3 of the following 4 areas: systems requirements, operational requirements, test and evaluation, and training

R0053899	Defense Capture Manager	McLean, VA	Secret; B.A./BS; 10+ years of experience with multi-discipline solutioning for the DoD and civilian communities in C4ISR. 3+ years of experience in direct management of complex solutions and development capture efforts for defense community and government clients
R0047161	Intelligence Capture Manager, Senior	McLean, VA	TS/SCI; B.A./BS or 10+ years of experience with capture or business development. 12+ years of experience with managing complex IT solutions and development capture efforts for intelligence community (IC) and government clients. Experience with leading large-scale \$100M+ captures and developing complex technical solutions
R0045572	Government Contract Compliance Specialist, Senior	McLean, VA	B.A./BS; 5+ years of experience with working in a compliance department or team. Experience with supporting the development and maintenance of compliance policies, programs, and procedures and conducting risk assessments. Experience with gifts and business courtesies, post-government employment restrictions, procurement integrity, anti-kickback or contingency fees, organizational and personal conflicts of interest, competition and anti-trust, and contract and supply chain compliance
R0052250	Contracts Management Analyst, Senior	Washington, DC	Secret; B.A./BS; CFCM or DAWIA CON Level III or equivalent certification. 8+ years of experience with DoD contract management. Experience in working with senior government staff at the program executive officer (PEO) or project manager (PM) level
R0052251	Acquisition Analyst, Mid	Stafford, VA	Secret; B.A./BS; 3+ years of experience with working in a DoD systems acquisition program office. Experience working with government staff at the program executive officer (PEO) or program manager (PM) level. Knowledge of the DoD 5000 acquisition framework and contracting requirements
R0049171	Program Management Specialist, Mid	Albany, GA	Secret; B.A./BS; 3+ years of experience with DoD program management and acquisition management for ACAT programs across the acquisition life cycle, including cost, schedule, and performance. Experience with working in a government or DoD environment

R0048417	Acquisition Analyst, Mid	Washington, DC	Secret; B.A./BS; 3+ years of experience with working in a DoD systems acquisition program office. Experience working with government staff at the program executive officer (PEO) or program manager (PM) level. Knowledge of the DoD 5000 acquisition framework and contracting requirements
R0052052	Contracts Analyst, Mid	Washington, DC	Secret; B.A./BS; Certified Federal Contract Manager (CFCM) or Defense Acquisition Workforce Improvement Act (DAWIA) CON Level III Certification. 3+ years of experience with DoD contracts management. Experience in working with senior government staff at the program executive officer (PEO) or program manager (PM) level
R0054047	Business Financial Analyst, Senior	Washington, DC	Secret; AA/AS and 2+ years of experience with finance or B.A./BS; 5+ years of experience with budget planning, preparation, and execution for acquisition programs. Experience with the preparation of reports that reflect programs or project status in the areas of cost, schedule, and performance. Experience with PBIS, AUTODOC, STARS, Prisms, or Cobra
R0051164	Machine Learning/Computer Vision Engineer	Laurel, MD	B.A./BS; 3+ years of experience with developing software in object-oriented and scripting languages, including MATLAB, C/C++, and Python. Experience with integrating commercial software tools for custom application development. Experience with machine learning, signal and imaging processing, algorithm development, or computer vision. Experience with computer vision and machine learning software packages, including OpenCV, DLIB, Caffe, or TensorFlow
R0052950	Business Strategy Analyst Lead	Arlington, VA	Secret; B.A./BS; 10+ years of professional experience. Experience in interfacing with mid and senior level Navy Echelon I clients. Experience in OPNAV as military, civilian, or contractor staff
R0054410	Campaign and Contingency Planner, Senior	Honolulu, HI	TS/SCI; B.A./BS; 5+ years of experience with the DoD in Joint planning or a related field. 4+ years of experience in the INDOPACOM AOR. 2+ years of experience with the DoD in Joint or combined operations. Knowledge of Military Decision-Making Process (MDMP) and Joint Operational Planning Process (JOPP)

R0050058	CWMD Planner, Mid	Pyeongtaek-si	TS/SCI; BA or BS degree in Weapons of Mass Destruction (WMD), National Security Studies, or International Relations. 5+ years of experience with military-level operational planning, including developing and advising on matters regarding CWMD. 1+ years of experience with working on the South Korean theater's problem set. Experience with the client's CWMD mission, the Joint Operation Planning Process, and Time-Phased Deployment Data (TPFDD)
R0054413	Operations Manager, Mid	JB Pearl Harbor-Hickam, HI	Secret; AA/AS; 5+ years of experience with operations work in the Air Force. Experience with the Joint Operation Planning Process for Air (JOPPA). Experience with writing and processing various orders
R0049800	Force Management Analyst	Uruma	TS/SCI; B.A./BS; Experience with Marine Corps Operating Forces. Experience with participating in USMC Global Force Management and Force Synchronization processes
R0045298	Strategic Human Capital Specialist, Mid	San Diego, CA	Secret; B.A./BS; 3+ years of experience with strategic human capital development and implementation. Experience in leading, planning, and managing complex tasks with daily client interaction
R0047657	Defense System Acquisition Analyst, Senior	San Diego, CA	Secret; B.A./BS; 10+ years of experience in program management with the Navy or comparable DoD agency with at least 3 years of those years of experience in direct support of a Navy organization performing systems acquisition. 5+ years of experience with supporting ACAT I-IV programs. 2+ years of experience with supporting submarine communications, shore or afloat C4I programs, or military terminal or networking programs within the last 5 years. Experience with DoD or SECNAV 5000 instructions and developing associated acquisition documents, including JCIDS, acquisition strategies, acquisition program baseline, cost analysis requirements description, AoA, and integrated master schedules
R0052536	Systems Engineer, Senior	El Segundo, CA	Secret; BS; 8+ years of experience with defense systems engineering, integration, testing, and project management. 2+ years of experience with Cybersecurity engineering

R0030419	System Architect, Senior in El Segundo, CA	El Segundo, CA	TS/SCI; B.A./BS; 5+ years of experience with systems architecture or systems engineering. Experience with developing and managing architecture products for DoD systems. Knowledge of space and communications systems. Knowledge of UML, SYSML, and MBSE
R0037353	Strategic Business Development Leader in McLean, VA	McLean, VA	B.A./BS; 10+ years of experience in a senior business development role with annual revenue or sales targets at a major federal government contractor focused on technology or mission services and solutions sales. Experience with business development through the entire business development cycle through contract award. Knowledge of the US government's acquisition process
R0048695	Senior Cyber Business Development Lead	McLean, VA	TS/SCI; B.A./BS; 10+ years of experience with managing complex business development efforts over \$100M in sales value within federal government accounts, including the DoD and intelligence community (IC). Experience with developing Cyber solutions for federal government accounts, including the DoD and IC
R0046509	Learning Classification and Security Specialist	Springfield, VA	TS/SCI; B.A./BS or 5+ years of experience with security processes and classification management in lieu of a degree.
R0053078	Instructor/Instructional Systems Designer	Springfield, VA	TS/SCI w/poly; B.A./BS in Instructional Design, Instructional Technology, or Education or equivalent courses in a Military Instructor Training School. 10+ years of experience in an educational, corporate training, or professional services environment with an emphasis on faculty development through classroom and online instruction
R0051951	System Administrator, Mid	Beavercreek, OH	Secret; Security+ or equivalent DoDD 8140/DoDD 8570 certification. 3+ years of experience with Linux and Windows desktop and server systems administration. Experience with Linux command line usage and scripting and software management

R0051973	Systems Administrator, Mid	Beavercreek, OH	Secret; DoDD 8140 or 8570 Certification, including Security+. 5+ years of experience with systems administration. 3+ years of experience with AD administration, including the design and implementation of AD structure, security groups, OUs for resource management, group policies, deployment services, remote desktop management, and file system. 2+ years of experience with Linux server and desktop administration, including command line usage and scripting, integration with Windows Active Directory (AD) and filesystems, and software management. 1+ years of experience with VMWare vSphere/ESXi/Horizon administration
R0052229	Information Systems Security Officer	McLean or Reston, VA	TS/SCI w/poly; Security+ Certification; Experience with providing system security engineering and Information Assurance (IA) services. Experience with providing security policies and procedures, including working as an information systems security officer (ISSO)
R0051721	System Security Engineer	Washington, DC	Ts/SCI w/poly; B.A./BS; 7+ years of experience as a system engineer. Experience with contributing to or developing system designs and architectures. Experience with the Risk Management Framework (RMF)
R0051725	Cybersecurity Engineer	Washington, DC	TS/SCI w/poly; B.A./BS; DoD 8570 IAT Level III Certification, including Security+ or CISSP. Experience with executing certification and accreditation of DoD systems. Experience with NIST and the Risk Management Framework. Experience with using XACTA or similar tracking systems
R0051101	Network Engineer, Senior	Fort Meade, MD	TS/SCI; B.A./BS or 10+ years of experience with networking; Information Assurance, DoD 8570.01-M, and CompTIA Security+ Certifications. 6+ years of experience with networking. 6+ years of experience with Cisco, including switching and routing. 4+ years of experience with fiber optic capabilities and usage and cryptologic principles and technologies
R0053027	Systems Engineer, Lead	Aberdeen, MD	TS/SCI; BS; Experience with systems engineering tasks and disciplines. Knowledge of DCGS-A systems, risk management, software workflow, and Agile methodologies

R0051861	Systems Administrator, Senior	Aberdeen, MD	TS/SCI; B.A./BS or 3+ years of experience with systems administration; Security+ Certification. Experience with supporting programs as a system administrator. Experience with operating systems, including Windows, RedHat, Linux or VMware
R0052515	Software Integration Engineer	Aberdeen, MD	TS/SCI; 5+ years of experience with COTS and GOTS software in a heterogeneous operating system environment. Experience with Microsoft Windows Server 2008 and 20012. Knowledge of RedHat Linux, VMware, and ESXI. Experience with scripting languages, including Bash, Python, Ruby, or PHP
R0048673	Field Service Engineer	Aberdeen, MD	TS/SCI; 5+ years of experience with large system-of-system (SoS) integration. 5+ years of experience with Microsoft Windows Server 2008 and 2012. Experience with Red Hat Linux, PUPPET, VMware, VCenter, and ESXi. Experience with scripting languages, including Bash, Python, Ruby, or PHP
R0049129	Information Assurance Engineer, Senior	Aberdeen, MD	TS/SCI; B.A./BS; 8+ years of experience with working as a Cybersecurity specialist. Experience with Microsoft Windows Server 2008 or 20012 R2, Red Hat Linux 6 or 7, and VMware and ESXI. Experience with JWICS, SIPR, or CENTRIXS accreditation. Experience with Security Assessment and Authorization (SA&A) and Authorization to Operate (ATO) processes
R0047243	Cybersecurity Risk Management Engineer, Senior	Washington, DC	Secret; B.A./BS; DoD 8570 Certification Level I or II. 8+ years of experience with special purpose IT systems or platform control systems in DoD and the Department of the Navy (DON). Experience with systems engineering, electrical engineering, or marine systems. Knowledge of DoD and DON Cybersecurity policies and NIST publications
R0048849	Platform System Security Expert, Senior	Washington, DC	Secret; B.A./BS; DoD 8570 IAM Level I Certification. Experience with DoD and DON Cybersecurity policy and strategy, including developing senior level communication products. Knowledge of DoD and DON acquisition and Cyber policies

R0047551	Information Systems Security Officer	McLean or Reston, VA	TS/SCI w/poly; Security+ Certification. Experience with providing system security engineering and Information Assurance (IA) services. Experience with providing security policies and procedures, including working as an information systems security officer (ISSO)
R0045436	Cybersecurity Information Assurance Specialist, Senior	Washington, DC	TS/ACI; B.A./BS; Level II IAM/IAT Certification, including CAP, CEH, CASP, or CISSP. -5+ years of experience in Cybersecurity and the software development life cycle (SDLC), including providing architectural and technical recommendations, reporting to leaders and stakeholders and assisting with defining organizations preferred state and risk thresholds. 5+ years of experience with vulnerability testing tools, analysis, and control assessment and verification. Knowledge of DoD policies and instructions
R0044865	Financial Analyst, Mid	Salt Lake City, UT	Secret; B.A./BS; 3+ years of experience with federal financial management. 3+ years of experience with the General Fund Enterprise Business System (GFEBs). Knowledge of the federal financial management and budget execution processes
R0049057	SharePoint/Web Designer	Colorado Springs, CO	Secret; B.A./BS Eng, CS, or IT or 8+ years of experience with SharePoint development. 5+ years of experience with Web development, Visual Studio, C#, VB, and ASP.NET, HTML, CSS, XML, JavaScript, and JavaScript frameworks, including jQuery. 4+ years of experience with developing and using SharePoint components, including forms, template lists, external content types, custom lists, service applications, Web parts, master pages, content management, and the Business Intelligence Center. 3+ years of experience with business processes, workflows, and business intelligence implementation of dashboards
R0044835	Network and Cybersecurity Engineer, Senior	Colorado Springs, CO	TS/SCI; B.A./BS or 10+ years of experience with ISSO or ISSM Cybersecurity. 5+ years of experience with standard Cyber vulnerability assessment and security tools, including ACAS, Retina, and the Risk Management Framework (RMF) process, as outlined in the NIST 800-53. 5+ years of experience with VMware and Cisco networking or switching devices

R0052155	Aviation Energy Senior Analyst	Arlington, VA	Secret; B.A./BS; 10+ years of experience as a Rated Air Force Officer. Experience in interfacing with and briefing mid- to senior-level Military Officers and government civilians
R0052673	Operational Energy Analyst	Arlington, VA	TS/SCI; B.A./BS; 10+ years of experience as a Rated Air Force Officer, including a pilot or navigator. Experience in interfacing with and briefing mid- to senior-level military officers and government civilians
R0053553	Aviation Energy Specialist, Senior	Arlington, VA	Secret; B.A./BS; 10+ years of experience as a Rated Air Force Officer. Experience in interfacing with and briefing mid- to senior-level military officers and government civilians
R0053565	Logistics Energy Program Analyst	Arlington, VA	Secret; B.A./BS; 5+ years of experience with government clients. Experience with a DoD energy logistics agency's aviation fuel policies and procedures. Experience in interfacing with and briefing mid- to senior-level military officers and government civilians
R0052729	Strategic Basing Program Manager and Policy SME	Arlington, VA	TS/SCI; B.A./BS; 10+ years of experience as an analyst or program manager in a HAF or DoD-level strategic program, including planning or implementation at the HAF or DoD-level of a prior Base Realignment and Closure (BRAC) round
R0047913	PKI Solutions Developer, Lead	Rome, NY	TS/SCI; 3+ years of experience with PKI authentication systems, including setup, support, and internal and external coordination, such as helping to ensure apps are PKI-enabled. Experience with common PKI-based protocols, including SSL and TLS, HTTP, or LDAP. Experience with OSs, including Linux or UNIX and Windows
R0051321	Task Manager	Belcamp, MD	TS/SCI; B.A./BS; Experience with managing contractor personnel administration, establishing work priorities, and developing resource utilization plans. Experience with managing the accomplishment of task order requirements and reacting to short-notice personnel requirements
R0053703	Crypto Analyst	Belcamp, MD	Secret; B.A./BS or 6+ years of experience in the Military or US government in lieu of a Bachelor's degree. 3+ years of experience with acquisition and technical expertise in a DoD CM program. 3+ years of experience with COMSEC and Key Management. Experience with End Cryptographic Units (ECUs)

R0050110	Scrum Master, Mid	Rome, NY	TS/SCI; B.A./BS; 3+ years of experience as a Scrum Master, including leading various technical delivery projects involving software engineering programs and staff . 2+ years of experience with leading multiple Scrum teams. Experience in working with cross-functional teams, including UI/UX, back end, and data for well-coordinated project execution
R0037423	Integrated Air and Missile Defense Research Analyst	Stuttgart	TS/SCI; B.A./BS; 7+ years of experience with IAMD plans and operations or supporting F15 pilot air and missile defense plans and operations at the strategic, theater, or tactical level. 5+ years of experience with IAMD in upper-tier or lower-tier air and missile defense systems or IAMD or ballistic missile defense (BMD) command and control, communications, computers, and intelligence (C4I) systems
R0044963	Combat Systems Software Baseline Manager	Washington, DC	Secret; BS CS or SWEng; 5+ years of experience with Aegis or COMBATTS-21 software development life cycle, including development, updates and QA processes. Experience in software requirements management for complex systems. Knowledge of Aegis or COMBATTS-21 software development and integration processes
R0038939	Incident Response Manager	Abu Dhabi	BA/BS Eng, CS, Information Security, Information Systems, or Business Administration and 5+ years of experience in a senior-level incident response analyst, incident response shift manager, or Cybersecurity role or MBA, MA, or MS degree in Engineering, CS, Information Security, Information Systems, or Business Administration and 3+ years of experience in an incident response analyst, incident response shift manager, threat intelligence manager, or incident response junior management role

R0040786	Cybersecurity Senior Manager	Abu Dhabi	BS CS, Information Systems, or Engineering or 10+ years of experience with Cybersecurity. 10+ years of experience with configuring, planning, and executing large-scale vulnerability assessments using automated vulnerability assessment tools, including OpenVAS, Nessus, Retina, or Qualys. 5+ years of experience with automated security configuration assessment tools using Security Content Automation Protocol (SCAP) to automate configuration compliance reviews for DoD SCAP compliance checker or Center of Internet Security (CIS) auditor
R0042946	Wargaming Analyst, Senior	Joint Base Andrews, MD	TS/SCI; MA or MS in a National Security field, including Defense and Strategic Studies, Intelligence, Public Policy, Political Science, or International Affairs. 7+ years of experience with serving in a military operational unit at the squadron or group level. 5+ years of experience in wargaming, concept development, strategy development, strategic planning, or strategic assessment. 3+ years of experience with serving in an assignment above the Wing or equivalent level, including CCMD, MAJCOM, or AOC. Experience with Cyber Command, Control, Communications, and Computers (C4) missions and capabilities
R0045963	Open Source Analyst	Augusta, GA	TS/SCI; 3+ years of experience with conducting open source research, all-source intelligence analysis, or targeting. Experience with accessing, researching, and exploiting global and regional social media and digital platforms. Knowledge of politics, foreign policy, military, and trending threats within the Central Command, Army Central (ARCENT) Area of Responsibility (AOR)
R0040574	Human Group Performance Project Manager	Augusta, GA	Secret; M.A./MS; 5+ years of experience with DoD in managing, staffing, overseeing, and completing work with the human performance group project, including supporting- and sustaining-related operations

R0047894	Production Engineer, Senior	Aberdeen Proving Ground, MD	Secret; B.A./BS; Completion of Basic and Advanced Tactical Network Training. Completion of 40 hours of Technical Support training in PC configuration, identifying, adding, and removing System and Components, PC diagnostics and repair, networking support, and safety and preventative maintenance. Completion of Fundamentals of Systems Acquisition Management (ACQ 101) training. CISCO Certified Network Associate (CCNA) Certification. 5+ years of experience with defense acquisitions
R0031075	F-35 Prognostics Health Management Analyst	Arlington, VA	Secret; BS Eng or CS; Experience with programming or scripting. Experience with MATLAB, Mini-TAB 17, or Tableau software tools
R0023645	DevOps Engineer, Senior	Reston, VA	TS/SCI; 3+ years of experience with Linux systems engineering. 1+ years of experience with deploying, automating, maintaining, and managing AWS Cloud-based deployment environments to ensure the availability, performance, scalability, and security of productions systems
R0045110	C4ISR Planner	Wiesbaden, Germany	TS/SCI; B.A./BS; Graduate of the US Army Command and General Staff College. 10+ years of experience with operations planning. 3+ years of experience with deliberate and crisis action planning coordination and development
R0049586	Learning/Training Specialist	San Diego, CA	Secret; B.A./BS; 5+ years of experience with DoD acquisition, program management, or training. Experience in conducting research and analysis of data and generating coherent recommendations associated with Navy MPT policies, processes, and procedures
R0050326	Military Cyber/IA Instructional Developer	San Diego, CA	B.A./BS; PMP, CSEP, Security +, CSSP, or Instructional Design and Training Evaluation Certification. Ability to obtain DoD Cyber Workforce Designation Acquisition Code 80 Journeyman within two weeks of hire. 5+ years of experience with DoD acquisition, program management or training. Experience as a Information Systems Security Manager (ISSM) or Network Security Vulnerability Technician (NSVT). Experience with the implementation of DoD manpower or training policies, including OPNAVINST 1500.76 and NAVEDTRA 130 series

R0045381	Navy Qualified Validator	Ridgecrest, CA	Secret; DoD 8570.01M IAM Level 1 Certification, including CAP, GISF, GSLC, or Security+. Navy Qualified Validator (NQV) Level 1 within 6 months of hire. 2+ years of experience in an Information Assurance, Cybersecurity, or Risk Management Framework-related field. Knowledge of DoD and Research, Development, Test, and Evaluation (RDT&E) environments
R0047369	Intelligence Analyst	Huntingdon, UK	TS/SCI; B.A./BS; 5+ years of experience with all source targeting analysis. Experience with the Modernized Integrated Database (MIDB), National Production Workshop (NPW), Joint Targeting Toolbox (JTT), and Joint Targeting System (JTS)
R0049496	Test Engineer, Mid	Aurora, CO	TS/SCI w/poly; B.A./BS; Security+ CE, SSCP, CCNA-Security, or GSEC Certification or ability to obtain within 6 months of hire. 3+ years of experience with testing or developing software applications. 3+ years of experience with designing test scripts. Experience with Linux or UNIX environment
R0047781	Naval Virtual Desktop Administrator	Pensacola, FL	Secret; CompTIA Security+ CEU's or similar industry Certification. 2+ years of experience with administering and deploying VMware Sphere 5 or 6 and Horizon View 5, 6, or 7. 2+ years of experience with system administration
R0050363	Facilities Planner, Mid	New Orleans, LA	Secret; Completion of 80 hours of physical security training provided by a US government agency or accredited contractor. Knowledge of arms vault operations and procedures. Knowledge of secure room operations and procedures
R0039679	Program Manager	Hanscom Air Force Base, MA	TS; B.A./BS; 8+ years of experience in government acquisitions. Experience with Software and/or Information Technology program-related cost, schedule, and technical management. Knowledge of DOD 5000 Series Defense acquisition system documentation
R0048682	Data Operator Test and Training Consultant	Omaha, NE	TS/SCI; Data Operator Qualified with Instructor or Evaluator Certifications. Experience with USAF air operations procedures, aircrew training, and evaluation procedures. Knowledge of E-4B NAOC operations plans, crew structure, and command relationships

R0050330	Systems Administrator, Mid	Rome, NY	TS/SCI; B.A./BS; Level II IAT CompTIA Security+ CE Certification. Experience with Linux and Windows server operating systems. Experience with system administration and configuring networking, VM, system, and software installation, user management, and system configuration
R0049508	Cyber Threat Intelligence Analyst	Durham, NC	B.A./BS; 5+ years of experience as a Cyber threat analyst. Experience with Cyber threat intelligence analysis and reporting, Cyber defense techniques, and adversary tactics, techniques, and procedures (TTP)
R0045839	Incident Response Analyst	Durham, NC	B.A./BS or 4+ years of experience with Cybersecurity-based work. Experience with system administration, network engineering, and security engineering. Experience with performing host or network incident response, malware analysis, or forensics. Experience with working in a Computer Incident Response Team (CIRT), Computer Security Incident Response Center (CSIRC), or Security Operations Center (SOC)
R0048869	Aircraft and Acquisition Subject Matter Expert, Senior	Oklahoma City, OK	Secret; B.A./BS; 4+ years of experience working in the military. Experience with aircraft maintenance, operations and sustainment. Knowledge of aircraft systems, maintenance and flight technical orders and environmental laws, policy, agreements
R0050923	System Requirements Analyst, Mid	Philadelphia, PA	Public Trust; B.A./BS or 5+ years of experience with information technology in lieu of degree. Experience with systems analysis. Experience with technology platforms and information technology cradle to grave processes related to applications and infrastructure
R0049125	Naval Training Delivery Services Desktop Administrator	Newport, RI	Secret; Security+ Certification. 2+ years of experience with connectivity, interoperability, operational readiness, and security and compliance systems maintenance. Experience with systems and hardware and software administration and integration

R0043159	LCS C4I Engineering Analyst	Charleston, SC	Secret; BS CS or Eng; 5+ years of experience in working with the Navy. Experience with the Navy Data Environment (NDE). Experience with preparing and reviewing briefings, presentations, reports, internal documents, correspondence, and weekly status inputs and project or program management support and working in an office environment. Experience with Navy C4I systems engineering, developing platform architecture, technology roadmap, analysis of alternatives, and delivery of network architectures for Navy shipbuilding programs
R0048141	Scrum Master, Mid	Clearfield, UT	B.A./BS; 3+ years of experience in working with an Agile framework. Experience as a Scrum Master, Product Owner, or Agile Coach
R0048780	Joint Exercises Program Training/Exercise Support and Assessment Analyst, Senior	Halawa, HI	TS/SCI; B.A./BS; 5+ years of experience in operations and planning with the US Armed Services, including Joint assignments. 5+ years of experience in the US INDOPACOM Area of Responsibility (AOR). 2+ years of experience in working with US military operations and Combatant Command staff and Joint or combined exercise planning and execution
R0042753	Electronics Engineer, Junior	Westborough, MA	B.A./BS; Experience with soldering, including SMT rework. Experience with lab equipment, including oscilloscopes, power supplies, and DVMs. Experience with troubleshooting circuits. Experience with communication protocols, including SPI, I2C, and/or USB
R0044176	Digital Signal Processing Engineer	Belcamp, MD	TS; BSEng or CompSci; Experience with Verilog or VHDL, Digital Signal Processing (DSP), and FPGA Design. Experience with C and MATLAB. Experience with electrical or computer engineering. Experience with Xilinx devices. Experience with Software Defined Radio (SDR) and UHD. Experience with C++, embedded software development, code optimization, and multi-threading
R0033168	Strategy Division Planner, Senior	JB Pearl Harbor-Hickam, HI	TS/SCI; B.A./BS; 5+ years of experience in an Air Force AOC. 5+ years of experience with Joint Operational Planning Process - Air (JOPP-A) and crisis planning or deliberate planning. 5+ years of experience in the areas of C2, ISR, fighter, bomber, or intelligence

R0045127	Data Scientist, Senior	McLean, VA	Secret; BSOps Research, Data Science, Applied Mathematics, CS, Engineering or similar technical field. 5+ years of experience with one or more scripting or scientific languages, including Python, R, C++ or Java. 5+ years of experience working with a wide range of predictive and decision models, including tools for developing models. 5+ years of experience with Big Data programming technologies, including any of Hadoop, Spark, MapReduce, Accumulo, Cassandra, HBase, R, Mahout, Pig, and Hive. 5+ years of experience in applying various machine learning techniques, and comprehending the key parameters that affect their performance
R0042382	Data Scientist, Mid	San Diego, CA	B.A./BS; Experience with one or more statistical analytical programming languages, including Python or R. Experience with source control and dependency management software, including Git or Maven. Experience with using relational databases, including MySQL. Experience with identifying analytic insight in data, developing visualizations, and presenting findings to stakeholders. Knowledge of object-oriented programming, including Java and C++
R0043454	Integrated Air and Missile Defense Analyst	Stuttgart, Germany	TS/SCI; B.A./BS; 7+ years of experience with IAMD plans and operations or supporting F15 pilot air and missile defense plans and operations at the strategic, theater, or tactical level. 5+ years of experience with IAMD in upper-tier or lower-tier air and missile defense systems or IAMD or ballistic missile defense (BMD) command and control, communications, computers, and intelligence (C4I) systems
R0045541	Healthcare Planning Analyst, Senior	Washington, DC	B.A./BS; 14+ years of experience with direct healthcare strategic planning in a hospital, health system, or major healthcare provider. Experience with making strategic decisions as a health planner in an inpatient or outpatient or clinical setting for a health system
R0046101	IT Efficiencies Analyst	Arlington, VA	Secret; B.A./BS; 3 years of capability definition and operation of IT. Knowledge in development of Enterprise Architectures, Standards, Governance, Policy

R0040117	Public Affairs Analyst, Senior	Bethesda or College Park, MD	TS/SCI w/poly; B.A./BS; 5+ years of experience in a professional work environment. Experience with providing inventive solutions to communication challenges. Knowledge of social media, podcast production, writing or research, and communications
R0038694	Contract Specialist	Bethesda, MD	TS/SCI w/poly; B.A./BS. 3+ years of experience with acquisition and contract management. 1+ years of experience with technical and cost evaluations of proposals support. Knowledge of formation and administration of different government contract types, including broad agency announcement. Knowledge of principles, concepts, and practices of FAR and DFARS and techniques of cost analysis
R0038254	Records Management Specialist	Bethesda or College Park, MD	TS/SCI w/poly; 2+ years of experience with records and information management (RIM). Experience with developing and implementing RIM life cycle management processes and tools . Experience with providing support to federal clients in the IC
R0037306	Cybersecurity Engineer, Mid	Sierra Vista, AZ	TS/SCI; Security+ CE and CEH Certifications; 3+ years of experience with Cybersecurity. Experience with event escalation and reporting procedures and supporting network investigations. Knowledge of TCP/IP communications and how common protocols and applications work at the network level
R0033680	Information Security Engineer, Senior	Sierra Vista, AZ	Secret; AA/AS; Operating System Security CE Certifications; DoD 8570.01-M Certification; IAT Level II Baseline Certification. 5 years of experience in working with Windows Server 200X. Knowledge of security principles and their application to an enterprise AD environment
R0041234	Database Administrator, Mid	Sierra Vista, AZ	TS/SCI; DoD 8570 IAT II and CSSP-IS Certifications; Experience with SQL and Oracle database administration. Experience as a Red Hat Enterprise Linux system administrator
R0037107	Cyber Software Developer/Programmer	San Antonio, TX	TS/SCI; BSCompSci or SysEng; Experience with Linux and Windows kernel development. Experience with Python and C programming. Knowledge of Memory Layout of C programs, including C debugger and C register allocations and system exploitation, such as vulnerability discovery

R0043316	IT Infrastructure Analyst, Mid	Austin, TX	6+ years of experience with systems administration and operations, including maintaining responsibility for overseeing operational performance, and performing performance trend analysis and alert generation for failed or failing services in a professional IT work environment. 6+ years of experience with IT analytics and IT systems administration and operations
R0040637	Software Development Project Manager	Oklahoma City, OK	B.A./BS; 3+ years of experience with leading Agile software development projects from initial concept development to final development and delivery. 3+ years of experience in leading mid to large programs or projects with multiple workstreams
R0044562	Simulation Lead	Arlington, VA	TS/SCI; M.A./MS; 10+ years of experience in developing simulation models using modeling and simulation (M&S) software. Knowledge of operations research techniques, including probability and statistical methods. Knowledge of Air Force strategies, warfighting capabilities, and organizations
R0041012	Counter Intelligence Analyst	Tampa, FL	TS/SCI w/poly; B.A./BS; Graduate of DoD or Federal counter intelligence or Law Enforcement Badge and Credentialing School. Graduate of Joint Counterintelligence Training Academy (JCITA) Advanced Counterintelligence Collections Course (ACICC), service or interagency equivalent. Graduate of a Department of Defense or Interagency Operational Risk Management Course or equivalent. 6+ years of experience with counter intelligence (CI). 4+ years working in irregular and unconventional warfare environments
R0026133	C4ISR Command and Control Systems Integration Engineer	Washington, DC	Secret; B.A./BS; 10+ years of experience with naval surface combatant C4I system integration and support, including planning the upgrade, installation, commissioning, testing, management, and support for naval C4I systems. Experience with planning the upgrade, installation, commissioning, testing, management, and support of US Navy or foreign naval C4I systems

R0038784	Signature Reduction Officer	Huntingdon	TS/SCI; B.A./BS; -10+ years of experience with supporting intelligence or military operations. 3+ years of experience with conducting Signature Reduction activities. Experience in working with Signature Reduction databases. Knowledge of DoD policies, regulations, procedures, and processes pertinent to Signature Reduction
R0047353	Future Operations Planner, Senior	JB Pearl Harbor-Hickam, HI	Secret; B.A./BS; Prior aeronautical rating as a Pilot, Navigator, Weapons Systems Officer (WSO), Combat Systems Officer (CSO), Electronic Warfare Officer (EWO), or Air Battle Manager (ABM). 10+ years of operational experience with operational planning, development, coordination, or execution of United States Air Force (USAF) or other Service participation in Command, Service, Joint Chiefs of Staff (JCS), or Combatant Command operations, exercises, demonstrations, or experiments
R0035634	Targeter	McLean, VA	TS/SCI w/poly; B.A./BS; 5+ years of experience in the intelligence community. Experience with the targeting life cycle. Knowledge of all-source intelligence, including SIGINT, MASINT, IMINT, and HUMINT
R0046600	Joint Military Analyst, Senior	MENA	B.A./BS; 18+ years of experience as a US military officer in a warfare specialty or intelligence specialty at the O4-O6 level. Experience as a Joint qualified officer with JPME phases I or II, including Joint Staff, Combatant Command staff, or Joint Task Force staff
R0042215	Cyber Cloud Architect, Mid	El Segundo, CA	B.A./BS; 3+ years of experience with Cloud security assessment methodologies. 3+ years of experience with knowledge, and securing architectures in Cloud computing environments, including Amazon Web Services (AWS) and Microsoft Azure

R0040121	Data Science Machine Learning Lead	San Diego, CA	B.A./BS Statistics, Machine Learning, Mathematics, CS, Computer Engineering, Industrial Engineering, or Operations Research. 7+ years of experience with analytics, Big Data, data science, machine learning, or artificial intelligence, including serving in technical delivery roles, such as data scientist, developer, architect, engineer, mathematician, statistician, or machine learning specialist. 5+ years of experience with leading or managing delivery teams, projects, development efforts, or research efforts and traditional and Agile framework project management approaches and constructs
R0046523	All-Source Analyst, Senior	Tampa, FL	TS/SCI; 10+ years of experience with military intelligence and recent specialized intelligence analysis training or BA, BS, MA, or MS degree or 8+ years of experience with intelligence analysis and recent specialized intelligence analysis training. Experience with performing all-source intelligence analysis
R0038099	Cyber Tester, Lead	Washington, DC	B.A./BS; 5+ years of experience with IT audits, including conducting technical security compliance tests and vulnerability assessments. 3+ years of experience with developing or implementing risk management strategies. 2+ years of experience in a lead role. Knowledge of NIST SP 800 series and testing and NIST SP 800-53 security controls
R0042938	ISSO Team Lead	Arlington, VA	Secret; B.A./BS; CISSP Certification; 10+ years of experience with IT or Cybersecurity. Experience with RMF and DIACAP accreditation processes. Knowledge of NIST SP 800
R0033552	Security Cooperation Resource Analyst, Senior	JB Pearl Harbor-Hickam, HI	Secret; M.A./MS; 8+ years of experience with supporting DoD operations, strategy, policy, or planning. 6+ years of experience with international affairs supporting US security cooperation and security assistance or international development organizations
R0046494	Anti-Threat/Force Protection Specialist	Halawa, HI	B.A./BS; 2+ years of experience with AT, FP, and critical infrastructure programs. Experience in the Pacific Rim region

R0033168	Strategy Division Planner, Senior	JB Pearl Harbor-Hickam, HI	TS/SCI; B.A./Bs; Graduate of School of Advanced Air and Space Studies (SAASS) or School of Advanced Military Studies (SAMS). 5+ years of experience in an Air Force AOC. 5+ years of experience with Joint Operational Planning Process - Air (JOPP-A) and crisis planning or deliberate planning. 5+ years of experience in the areas of C2, ISR, fighter, bomber, or intelligence
R0041493	Cloud Architect and Engineer, Senior	Pensacola, FL or Herndon, VA	Secret; B.A./BS; 5+ years of experience with Amazon Web Services (AWS), including EC2, Network, ELB, and S3. 5+ years of experience in a Cloud architect or engineer role and in a technical consulting, solution architect, or presales engineering role. 5+ years of experience in designing, implementing, or consulting with distributed applications. Experience with Akamai CDN Solutions
R0026446	Information Assurance Officer, Lead	Pensacola, FL	TS/SCI; B.A./BS; DoD 8140 or 8570 Level 3 Certification, including CISSP or CISM; 7+ years of experience with system assessment and authorization (A&A). Experience with RMF and DIACAP accreditation processes. Knowledge of NIST SP 800-37 and NIST SP 800-53
R0030082	Computer Network Defense Analyst, Mid	Pensacola, FL	TS; B.A./BS; DoD 8570 IAT Level II Certification, including Security+ CE; 3+ years of experience with incident handling, forensics, sensor alert tracking, or Cybersecurity case management. 1+ years of experience in a NOC or SOC.
R0036950	Machine Learning Engineer, Senior	McLean, VA	B.A./BS in a Science, Technology, Engineering, or Mathematics field. 5+ years of experience with application of machine learning techniques. Experience with developing machine learning systems. Experience with programming languages, including Python, R, or C++
R0006505	Data Scientist	McLean, VA	TS; B.A./B.A.; Experience in working with SAS and SQL. Ability to analyze and resolve critical data issues using various methodologies and ensure data integrity. Ability to analyze data to help determine market conditions, financial statements and forecast profitability, as needed

R0045942	GEOINT Product Quality Analyst, Junior	Fort Belvoir, VA	Experience with providing direct support to geospatial intelligence (GEOINT) missions. Experience with GEOINT product quality processes and technologies. Experience with product quality techniques. Experience with collection management, or mission management, or GEOINT operational environments. Knowledge of DoD or IC architectures and collection capabilities
R0035589	Multi-INT Collaboration Specialist, Mid	Fort Belvoir, VA	TS/SCI w/poly; 5+ years of experience in the intelligence community (IC) or DoD or AA or AS degree and 4+ years of experience in the IC
R0046711	Arabic Intelligence Linguist, Senior	Tampa, FL	TS/SCI; 10+ years of experience with using intelligence operational architecture to support operation plans in concept format (CONPLANS), as necessary, ISR tasking, processing, exploitation, and development (TPED), central region AOR operational architecture, exercise observation reports, verbal briefings, and other written documents. Ability to show proficiency in at least 1 target language of the areas of interest by achieving a minimum level equivalent of 3+/3+/3+ comprehension and oral proficiency according to the interagency Language Roundtable (IRL) scale, as measured by the Defense Language Proficiency Test (DLPT)
R0046744	Operational Requirements Specialist	Tampa, FL	TS/SCI; 4+ years of experience with requirements analysis; 3+ years of experience with briefing senior leadership and clients
R0043909	Systems Engineer, Junior	Fort Meade, MD	TS/SCI w/poly; B.A./BS; 7+ years of experience as a systems engineer. Experience with creating System Engineering Plans, Initial Capabilities Documents, Requirements specifications, and Interface Control Documents. Knowledge of system architecture, work-breakdown structures, work packages, and the integrated master plan

R0046029	SIGINT Tool Systems Engineer	Annapolis Junction, MD	TS/SCI w/poly; BS and 14+ years of experience with systems engineering or no degree and 19+ years of experience with systems engineering. 14+ years of experience with systems engineering. Experience with creating system engineering plans, initial capabilities documents, requirements specifications, and interface control documents. Knowledge of system architecture, work-breakdown structures, work packages, and the integrated master plan
R0044271	Platform Engineer, Mid	Annapolis Junction, MD	TS/SCI w/poly; -BA or BS degree and 4+ years of experience with platform engineering or 9+ years of experience with platform engineering in lieu of a Bachelor's degree. 4+ years of experience with Linux, including RHEL or CentOS or Perl and Shell programming. 2+ years of experience with VMware ESX, Citrix, and Microsoft Server
R0046064	Systems Engineer, Mid	Fort Meade, MD	TS/SCI w/poly; B.A./BS Systems Engineering, CS, Information Systems, Engineering Science, or Engineering Management. 7+ years of experience as a system engineer. Experience with providing technical direction for the development, engineering, interfacing, integration, and testing of specific components of complex hardware or software systems. Experience with requirements elicitation, analysis and functional allocation, systems requirements reviews, concept of operation and interface standards development, system architecture development, risk assessment and quantification, technical or non-technical assessment and management, and end-to-end flow analysis
R0009161	Graphics Designer, Mid	McLean, VA	TS/SCI w/poly; 3+ years of experience with graphics design. Knowledge of industry standard graphics design software, including Adobe Creative Suite and Microsoft Office. Ability to apply complex graphics design principles, theories, and practices. Ability to create conceptual designs for Web pages and other electronic media
R0037513	Web Designer, Mid	McLean, VA	TS/SCI w/poly; 2+ years of experience as a Web designer and developer. Experience with HTML, CSS, JavaScript, and cross-browser compatibility issues. Experience with Adobe Photoshop, Illustrator, and Microsoft Office. Ability to display a portfolio showcasing broad design

R0041208	Financial Analyst, Senior	Fort Knox, KY	Secret; M.A./MS; 10+ years of experience with federal financial management. 10+ years of experience with General Funds Enterprise Business Systems (GFEBS)
R0034745	Knowledge Manager/SharePoint Designer	Anchorage, AK	Secret; B.A./BS; 8+ years of experience with Knowledge Management; 3+ years of experience with SharePoint Designer
R0039278	Aircraft Mission Planner	Beale Air Force Base, CA	TS/SCI; B.A./BS; Experience with one of the following areas: DoD aircrew, private, corporate, commercial, or law enforcement aircrew, air traffic control, commercial flight planning, DoD flight, or mission planning. Experience as a significant sensor planner
R0044910	SharePoint Analyst	Troy, MI	B.A./BS; CompTIA Security+ Certification. 2+ years of experience with SharePoint or a content management system. Experience with end user interaction. Experience with implementing HTML, CSS, and JavaScript into SharePoint
R0042514	Knowledge Management Content Manager/Trainer	Fayetteville, NC	Secret; B.A./BS; 2+ years of experience with content management. 2 years of experience with SharePoint Portal operations . 1 year of experience with SharePoint 2013 and SP 2013 workflow design and implementation, administration, and configuration. Knowledge of federal government or DoD information assurance (IA) security controls
R0043897	Data Analyst, Senior	Tampa, FL	TS/SCI; HS diploma or GED and 10+ years of experience in data analytics, data science, or data visualization, BA or BS degree and 6+ years of experience in data analytics, data science, or data visualization, or MA or MS degree and 4+ years of experience in data analytics, data science, or data visualization
R0044049	Intelligence Tradecraft Instructor	Washington, DC	TS/SCI w/poly; B.A./BS; 10+ years of experience as an all-source defense intelligence analyst. Experience as a senior defense intelligence all-source analyst at a national agency required. Knowledge of national and military intelligence organizations, including COCOMs

R0040532	Penetration Tester/Defense Assessment Analyst	Sierra Vista, AZ	TS/SCI; DoD 8570 IAT Level II and CSSP Auditor Certifications. Certified Wireless Network Administrator; Experience with performing penetration testing and risk assessments. Experience with penetration testing tools, including Kali Linux, Burp, Nmap, Wireshark, Nessus, Metasploit, Core Impact, and Cobalt Strike
R0042766	Acquisition/Contracts Specialist, Mid	San Diego, CA	Secret; B.A./BS; 3+ years of experience with cradle-to-grave contract management, including procurement planning, pre-award, price and cost analyses, and post-award contract administration and closeout. Knowledge of FAR, DFARS, and DoD 5000 series regulations and laws, executive orders, statutes, policies, principles of acquisition planning.
R0043047	General Management Consultant	San Diego, CA	Secret; B.A./BS; 3+ years of experience with the DoD. Knowledge of the Navy
R0039881	Financial Analyst, Mid	Fort Knox, KY	Secret; B.A./BS or 3+ years of experience with financial management in lieu of a Bachelor's degree; 3+ years of experience with federal financial management. 3+ years of experience with the General Fund Enterprise Business System (GFEBs)
R0042708	Survivability Analyst	Offutt Air Force Base, NE	TS/SCI; BSEE or Physics; 3+ years of experience with assessing electrical system design and comprehending the impact of electromagnetic fields on electrical power systems and components. 3+ years of experience with electromagnetic wave propagation theory, electronic system design, fault isolation, installation, and electromagnetic RF testing
R0042106	Financial Analyst	Fort Bragg, NC	Secret; B.A./BS; 3+ years of experience with government financial systems, General Funds Enterprise Business System (GFEBs), or Regional-Level Application Status (RLAS). Knowledge of federal financial management, FIAR, and other audit readiness, governance, and policies
R0043433	Military Concept Analyst	Norfolk, VA	TS; B.A./BS; 10+ years of experience with military operations. Experience with concept or doctrine development, assessment, or implementation

R0041946	Integrated Master Scheduler, Senior	San Diego, CA	5+ years of experience with Critical Path Management (CPM) scheduling and planning. 5+ years of experience with managing enterprise or integrated schedules. Experience with performing Schedule Risk Assessments (SRAs)
R0037930	HBSS Engineer, Senior	San Diego, CA	Secret; 5+ years of experience with network or systems engineering or system administration. 5+ years of experience with HBSS. Experience with HBSS ePO server administration and maintenance. Experience with standard HBSS modules, including McAfee Agent (MA), Host Intrusion Prevention System (HIPS), Data Loss Prevention (DLP), Policy Auditor (PA), VirusScan Enterprise (VSE), Rogue System Detection (RSD), Asset Baseline Monitor (ABM), and Asset Configuration Compliance Module (ACCM)
R0033273	Target Development Analyst	Cambridge, UK	TS/SCI; B.A./BS; Graduate from the Joint Targeting School with completion in Staff, Applications, Collateral Damage Estimation, and Battle Damage Assessment courses. 2+ years of experience with fusion reporting in a professional or academic environment. Experience with identifying, characterizing, and evaluating new targets. Experience with Joint Targeting Cycle principles
R0034047	Cybersecurity Tester, Mid	Rome, NY	Secret; DoD 8570 IAT Level II Certification. 3+ years of experience in the Cybersecurity field. Experience with analyzing and executing test plans and procedures. Experience with developing or analyzing technical documentation. Knowledge of vulnerability assessment tools, including Kali Linux, Wireshark, and Tripwire
R0031700	Weapons Systems Engineer, Mid	Hanscom Air Force Base, MA	Secret; BS CS, Eng, or Math. Experience with system engineering. Knowledge of weapon system platforms. Ability to deliver solutions that benefit the warfighter
R0023080	Graphics Designer, Mid	McLean, VA	TS/SCI FS Poly; B.A./BS in graphic design or a related field. 5+ years of experience with graphic design or visual communications. Experience with formatting data into concise and visually appealing layouts. Experience dealing with clients when preparing infographics and data visualization products. Experience with Adobe Creative Suite (Illustrator, InDesign, and AfterEffects) and Microsoft Office (PPT)
