Better Opportunities for Single Soldiers (BOSS) Fort Carson FAQ Sheet BOSS Foundation

Q What is BOSS?

A BOSS is an official Department of the Army program managed by the Installation Management Command, Directorate of Family Morale, Welfare, and Recreation; executed at the Garrison level by Soldiers, for Soldiers.

Q What is the history of BOSS?

A BOSS was established in 1989 as a program for single Soldiers. It expanded in 1991 to include all areas of single Soldier's lives specifically Quality of Life. Then it evolved to also include Recreation and Leisure activities and Community Service.

Q Who is BOSS?

A Single Soldiers, unaccompanied Soldiers and single parents. Open to all ranks, both officer and enlisted. The program takes care of all single Service Members assigned to an Army installation.

Q Where are the references and regulations located for BOSS?

A BOSS operates under the guidance of AR 215-1, 8-11, DoDI 1015.10, AR 600-20, Army Community Recreation Reports Online (ACRRO), IMCOM BOSS SOP and Desk Reference and Fort Carson BOSS SOP.

Q What are the core components for BOSS?

A The foundation of BOSS is set upon 4 separate pillars; Quality of Life, Recreation and Leisure, Community Service and Life Skills.

Q What is Quality of Life?

A Includes issues that Soldiers can directly or indirectly influence to enhance their morale, living environment or personal growth and development. Issues are directed through the appropriate channels for resolution. Utilize DA 7380.

Q What is Recreation and Leisure?

A These events are geared towards the desires of the single Soldier. This is based on feedback from single Soldiers for ideas on activities. The activities should be diverse, covering many different areas of recreation. They are typically fee based.

Q What is Community Service?

A BOSS makes a difference by volunteering in community projects and events. This is done on the installation and in the local and surrounding communities. This is always voluntary in nature. Soldiers may receive awards for volunteer service.

Q What are Life Skills?

A Designed for single Soldiers, enabling them to gain lifelong knowledge or a particular skill and/or certification. In 2016, the Office of the Secretary of Defense included funding to support Life Skill events. Funding is determined by the size of the Garrison and single Soldier population.

Q What are the objectives for Life Skills?

A Life skills focus on a variety of areas including personal and character development, health and nutritional wellness, social interaction, leadership, physical strength, lifelong tangible learning and emotional stability.

Q What is the approval process for Life Skills?

A Life skill events require a checklist with 6 approval signatures, a CONOP detailing the synopsis, concept of operations, skills taught, registration, marketing, expenses and a specific timeline of events.

Child Care in Your Home Fee Assistance Pilot Program

The Defense Department recognizes that quality, affordable child care is a critical support for military families. A third party administrator, the Military Child Care Fee Assistance Management Team, oversees the program administration. Parents are the employer of their child care provider. They must find and employ their provider and are responsible for paying Social Security and other employer taxes, including Medicare. Reach out to Military OneSource tax consultants with questions about tax implications.

Quick Tech Tip: Fix Wonky Print Scaling!

Ever print a document or web page only to find the text is cut off or way too small? Before you click 'Print', take a quick peek at your print preview screen and look for the **Scale** or **Fit to Page** settings.

Websites and PDFs often default to dimensions that don't match our standard paper size, but changing the setting from 'Default' to **Fit to Printable Area** or **Shrink to Fit** will instantly align everything perfectly.

If your layout still looks a bit strange, double-check that your page orientation (Portrait vs. Landscape) matches your document. It saves paper, time, and printing money!

At FFC8, we are committed to empowering all students to achieve their full potential through engaging instruction that focuses on their strengths and supports their needs. We work in partnership with families to help students make meaningful connections that foster success not only in school, but also at home and in their community. With courage and dedication, we strive to provide a supportive environment that enables every student to thrive.

Career & Technical Education

Our career clusters offer students a comprehensive education that includes both core academics and valuable workforce readiness skills, bridging the gap between classroom learning and real-world experiences. FFC8 middle and high schools offer award winning Career and Technical Education Student Organizations that support student extracurricular learning and involvement in many areas. Through hands-on learning, students gain practical experience and develop the skills necessary to succeed in their future careers, as well as in college and life beyond the classroom.

STEM Programming

Students engage in challenging and meaningful programming that promotes creativity, innovation, collaboration, problem-solving, critical thinking, and self-directed learning. By establishing a solid foundation in STEM education, students are better equipped for future success. All schools in FFC8 offer programming aligned with the national Project Lead The Way curriculum.

Athletics

Our athletics program emphasizes pride, academic accountability, community service, and the essential ideals of virtuous sportsmanship. Students foster character development and personal growth through a well-rounded athletic experience.
