

## LCSW, LMFT or RN Home Visitor Needed

### Serve America's Warriors and Their Families

### Meet Our Force

- ▶ **Rosemarie S** is a RN who worked for several years in the civilian sector and believes that her current position as a Home Visitor is not a job but a calling. She enjoys her role because she is given the opportunity to make a difference in how families cope with the everyday stress of being a military family. "It is nice to know that you have made a difference in their lives and that they appreciate what we do for them. A lot of the families just need someone to talk to and to be there as a support system since they are not near their family members."
- ▶ **LaTanya R** is a LCSW who has worked in a variety of settings including child welfare, substance abuse programs and the school system. Now as a Home Visitor, she goes from teaching a class to a new father, making a home visit to a anxious parent concerning breastfeeding to networking with other providers. LaTanya enjoys the process of learning about the needs of her families and then seeking unique solutions to their issues. "Being in the presence of toddlers and infants during play morning is the highlight of my week. You receive great satisfaction in working with families who sacrifice to serve our family. I am proud to serve as a NPSP Home Visitor who provides care to our nation's finest."

**LCSW, LMFT or RN Home Visitors needed to provide support to young military families with expectant parents and parents of children from birth to 3 years of age.**

**Location:** Fort Carson, Colorado

**Apply today:** [www.afsc.com/careers.html](http://www.afsc.com/careers.html)

#### The Job

Home Visitors provide activities and services including information and referrals, parenting programs, respite care for children, and supervised play time for children.

Home Visitors are supportive and caring LCSW's, LMFT's and RN's who have extensive experience working with families and young children and are sensitive to the unique challenges faced by military families. Visitors provide comprehensive services to support high-quality parenting in families with expecting parents and children from birth to age three. They play a critical role in safeguarding early childhood experiences and fostering family resilience.

#### Requirements

- Home visitors must have at least two (2) years of direct work experience in child abuse or domestic abuse, or maternal or child health or medical social work.
- Licensed Clinical Social Workers and Licensed Marriage and Family Therapists must possess a current, valid, unrestricted clinical license and a Master's Degree in Social Work to practice independently.
- Registered Nurses must have at least a Bachelor's Degree in Nursing, a current unrestricted license in one of the States or U.S. territories, and at least two (2) years of direct work experience with child abuse or domestic abuse, maternal or child health, public/community health, or mental health.
- Must have home visitation experience.
- Must complete and update criminal history background checks.
- Must complete Department of Defense Anti-terrorism Standards Training.
- Must have a valid driver's license, auto insurance and ability to operate a motor vehicle.
- Must have working knowledge of basic computer skills and be able to use Microsoft Word, Power Point, and Excel programs.
