TODAY'S MISSION: LOVE YOUR JOB

*At Fountain-Fort Carson School District 8, we are on a mission. We have a diverse team with different strengths, skills and roles. But each of us arrives each day knowing that we are part of one powerful purpose: **Working together to support kids and families, where they are today.***

You help kids. We help you.

Regardless of position or title, you can help our students learn, grow and thrive. And we keep good people by treating our employees as professionals — and caring for them as people.

- Insurance and benefits
- Resources for physical and mental wellbeing
- Paid training
- Family-friendly culture
- Committed to safety in every school

Our team members are more than a number, an assignment or a timesheet. They are people with talents, interests and relationships — the fabric of our school system. And together, we make a difference.

Who we are.

We are a public school district developing world-class learners in the Fountain and Fort Carson communities. Our schools are home to Colorado's most diverse learning community, including military families and children. We are committed to meeting the needs of each student, and we are known as a trusted partner to families who have children with special needs.

YEAR-ROUND OPENINGS

All year long, we need great people. Bus drivers, food service workers, paraprofessionals, custodians, substitutes — each of these roles is mission critical.

TEACHER OPENINGS

In addition to hiring licensed teachers from March to July, we also fill open teaching positions throughout the school year.

LOCKHEED MARTIN

Assembly & Tester - Electrical

The coolest jobs on this planet... or any other... are with Lockheed Martin Space

At the dawn of a new space age, Lockheed Martin is a pioneer, partner, innovator, and builder. Our amazing people are on a mission to make a difference in the world and every day we use our unique skills and experiences to create, design and build solutions to some of the worlds' hardest engineering problems. Our culture encourages employees to dream big, perform with excellence and create incredible products. We provide the resources, inspiration and focus and if you have the passion and courage to dream big, we want to build a better tomorrow with you.

Going to space is just the beginning. It's what you do when you get there that matters. Lockheed Martin builds the satellites and spacecraft that do amazing things in space for government and commercial customers. Connecting people, advancing discovery, and protecting what matters most: Lockheed Martin-built satellites give earlier warning of severe weather, connect troops on the battlefield, and deliver GPS directions to a billion people worldwide.

As we look to the future, we're driving innovations to help our customers do even more in orbit. That's why we're crafting smarter satellites that operate like smartphones in the sky, with apps that can be updated in orbit so they can adapt as mission needs on the ground change. Your mission is ours. And as that mission evolves, we'll be ready. Will you?

Every day, our 115,000 employees come to work with one focus – our customers' missions. Our customers tackle the hardest missions. Those that demand extraordinary amounts of courage, resilience, and precision. They're dangerous. Critical. Sometimes they even provide an opportunity to change the world and save lives. Those are the missions we care about.

Do you have a passion for hands-on work? Do you have a desire to learn electronics fabrication in a dynamic environment supporting Space Exploration? At Space we value your skills, training, and education. We believe that by applying the highest standards of business ethics and visionary thinking, everything is within our reach – and yours as a Lockheed Martin Space employee. Come, join us, and experience your future.

What does this role look like?

This Electrical Assembler and Tester role is designed to build on your electronics skills and abilities while providing continued development to enhance your skills for future opportunities that may include other more senior team contributor roles and possible management roles.

In this role, you will support electronics production activities at our Littleton, Colorado manufacturing facility. The work schedule consists of a 4 x 10 schedule Monday through Thursday.

This role will offer you the following daily challenges:

- Assemble and validate both ground and flight electronic assemblies.
- Assemble and validate electronic cables, harness, and printed circuit boards.
- Perform Basic arithmetic functions to quantify weight measurements, dimensional measurements, and torque conversions.
- Conduct electrical assembly using soldering, epoxy bonding and wire harness fabrication.
- Evaluate issues/concerns to determine impacts to business operations.
- Interact with key project/program stakeholders.

To be successful, you will need to possess these basic qualifications:

- Be a U.S. Citizen
- Employment is contingent upon successful completion and maintenance of all required certifications for this role.
- Must be able to read and comprehend written work instructions.

If you possess these key skills, you will be able adapt to this role more quickly:

- Electronic Circuit Card Assembly Experience
- Prior experience with wire harness or electronics manufacturing
- Solder, bond, and coating certification.
- Industry-related certifications such as NASA Hand Solder, J-STD, Hardware torque, Adhesive Bonding, Polymerics, Connector Mate & De-Mate, and NASA cable harness.
- Prior solder fountain or wave solder experience.
- Previous Automated SMT Experience.
- Lean manufacturing experience.
- Experience using data to develop metrics
- Project management experience
- Schedule creation
- MS office proficiency
- Capable of Multi-tasking in a fast-paced team environment
- Strong interpersonal skills

If you are an enthusiastic, self-starter, eager to learn in a dynamic environment, come join our team. This is an ideal opportunity for you to make an impact on our team while giving you career growth opportunity in one of the top-rated companies in the nation.

- By applying to this role, you are expressing interest in this position and could be considered for other career opportunities, within Lockheed Martin, where similar skills and requirements have been identified as a match.
- Should this match be identified, you may be contacted for this and future openings.

Pay Range: This is an hourly role with a range of \$20 - \$36 per hour depending on skills and experience.

Benefits of Employment:

To promote the sharing of ideas, Lockheed Martin champions an inclusive work environment that urges differences and big-picture thinking.

Our employees play an active role in strengthening the quality of life where we live and work by volunteering more than 850,000 hours annually. Here are some of the benefits you can enjoy:

- Medical {many choices of plans; some LM locations have on-site medical}
- Dental
- 401k {with generous matching}
- Generous Paid time off
- Work/life balance, family-friendly environment
- Career development, career-growth, and lots of learning opportunities for aspiring minds
- Fun, talented, and witty teammates
- Knowledgeable, supportive, and engaged leadership
- Diverse, inclusive, and community-minded organization
- Mentorship opportunities
- Rewards & recognition
- Generous Tuition Reimbursement

- Knowledge of manufacturing/quality processes and documentation
- Ability to comprehend and interpret drawings, work instructions, schematics, and specifications
- Root Cause Analysis experience

- Demonstrates thorough attention to detail
- Required to work off shifts, overtime and nonstandard work weeks as needed to meet product deliveries
- Travel may be required to support product deliveries
- *US citizenship required

Desired Skills:

- Bachelor's or Master's degree from an accredited college in technical discipline (e.g., engineering field) or equivalent discipline (e.g., math, physics, chemistry, etc.).
- Experience with PR/MRB process
- Green Belt Trained and/or Certified Quality Engineer (CQE) - , Power Products, Batteries, and RF/Microwave components
- Team lead or formal leadership experience
- Understands lean manufacturing and quality optimization in a production environment
- Experience with SAP or VECAMS and data analytics to report trends and achieve results
- Broad electronics experience to include working knowledge of Circuit Cards, Harnesses, Antennas
- Excellent communication skills to engage the team, customers and senior leaders
- Resourceful self-starter possessing a 'learning orientation.

To promote the sharing of ideas, Lockheed Martin champions an inclusive work environment that urges differences and big-picture thinking.

Our employees play an active role in strengthening the quality of life where we live and work by volunteering more than 850,000 hours annually. Here are some of the benefits you can enjoy:

QUALIFICATIONS SPECIALIST (REMOTE)

Weekends and Evenings

Don't let the word "bank" fool you. Neighbors Bank is not your typical bank, and our Qualification Specialists are paving a new path forward in this industry. This is a great fully-remote opportunity for those with the right motivation level, regardless of experience.

We are seeking motivated, remote employees from around the country to be on the front lines of growing our bank, who thrive while working "non-standard" business hours, including both evenings and weekends.

As a Qualification Specialist, you will learn the ins and outs of a variety of loan products while playing a key role in fulfilling Neighbors Bank's vision of making homebuying more achievable for all. You will be the borrower's first contact with our bank as you help them weigh options and blaze the path to realizing their dreams of homeownership.

No mortgage experience is necessary, but being a self-starter, intelligent, and great communicator – both written and verbal (over the phone with potential borrowers and on Zoom with co-workers) is required. Your educational background is not as important as your overall talent and ability to learn quickly. This is a competitive position, and candidates will be given an assessment to see how they compare to current high-performers.

The People and the Culture are Neighbors Bank's greatest strengths, which is why finding the right people that are a good culture fit is so important. Individuals that 1) can be passionate about their job and have fun doing it, 2) will deliver results with integrity, and 3) enjoy finding ways to enhance the lives of others every day will contribute to bolstering this strength.

Are you ready to join an innovative, agile company with a start-up feel, striving to shake up how mortgages are done?

Job duties will vary upon assignment but may include:

- Make initial contact and respond promptly to customer inquiries to collect borrower financial and credit information.
- Educate borrowers on loan process and mortgage product choices.

Veterans United.
Home Loans

Loan Officer – Colorado Springs, CO

As a Loan Officer, you manage borrowers' complete loan transactions from start to finish, ensuring exemplary customer service throughout the process.

Job duties will vary upon assignment but may include:

- Effectively communicate with Borrowers, Production team, Underwriters, Closers and other third parties that are involved in the transaction, responding promptly to inquiries and requests via phone (preferred) email and/or IM.
- Perform licensed activity including interviewing borrowers to obtain information and documentation, pulling credit, and educating borrowers on different loan products.
- Analyze and manage performance numbers to increase and ensure efficiencies and meet company goals.
- Manage internal efforts to ensure a timely process and resolve application issues.
- Remain knowledgeable on company and industry guidelines and processes.
- Responsible for self-sourcing business as well as timely communication with any company sourced leads. Generate leads and referral business through community events, social media outreach, and other avenues.
- Process borrower credit information through online approval system, structure loans and compile loan package.
- Act as a mentor and coach for Loan Specialists.
- Perform other duties as assigned.

We're looking for someone who can be passionate about their job and have fun doing it, who will deliver results with integrity, and who enjoys finding ways to enhance the lives of others every day.

We'll also want to know that you can demonstrate these attributes:

- High attention to detail.
- Thrive in fast-paced, results-oriented environment.
- Exemplary customer service skills.
- Strong interpersonal communication skills (written and verbal).
- Effective communication and conflict resolution.

- Quantitative and analytical decision making skills.
- Aptitude for interpreting and analyzing financial and general business information and procedures.
- Previous customer service experience.
- Experience in the mortgage industry.
- Experience self-sourcing leads.
- Knowledge in Excel, Word, and PowerPoint.
- NMLS licensed or become licensed upon employment.

We're providing the following information to comply with the Colorado Equal Pay for Equal Work Act: The base pay range for this position is \$15.00 to \$20.00 per hour, but keep in mind that this is a commissioned role. Commissions will be based on the volume (dollar amount) of loans closed. We estimate that this position has an annual gross income potential of between \$90,000.00 and \$225,000.00, taking into account base pay, commissions, deductions, and bonuses. Of course, pay will vary and may be above or below the potential range based on various factors, such as experience and performance. Veterans United provides a variety of benefits to employees, including health and dental insurance coverage, paid sick leave, an employee wellness program, 401(k) matching, and paid holidays.
