- Experience with operations and maintenance of large-scale computer and communications systems/networking environments.
- Experience in system and/or network administration that include the following (UNIX, Linux, Windows, Cisco and Juniper).
- Experience in troubleshooting hardware and software components.
- Proficiency in Microsoft Word, Excel, and PowerPoint.

**JOB ALERT:** Department of Agriculture, APHIS – Veterinary Services – Resources, People & Services, General Services Division is seeking to fill a Property & Space Management Specialist, Series 1101, GS-0308-11 position in Fort Collins Colorado or Riverdale MD (**2 positions**, one in each location).

Department of Agriculture, APHIS – Veterinary Services – Resources, People & Services, General Services Division is seeking to fill a Property & Space Management Specialist, GS-0308-11 position in Fort Collins Colorado or Riverdale MD. The Division is **ONLY** accepting resumes from qualified veterans that are **eligible under the 30% or More Disabled Veterans, Schedule A or Veterans Recruitment Appointment (VRA) Non-Competitive Hiring Authority.** For more information on veteran hiring authorities, please visit: <http://www.fedshirevets.gov/job/shav/>.

**To Apply:**

Email your Resume, DD-214 (if applicable), and Disability Letter (if you are applying under Schedule A or 30% or More Disabled Veteran), Military Spouse Preference document to [Donald.Neese@usda.gov](mailto:Donald.Neese@usda.gov) by **February 12, 2021**. **Personally Identifiable Information (PII) must be redacted or removed prior to sending any documents as a part of this application.** Examples of PII are: social security numbers (even if truncated to the last 4), date of birth and specific medical information. DD 214s and VA disability letters often have PII on them, please review your document carefully before sending.

**Note: The Subject line should clearly indicate the position for which you would like to be considered (to include the location – Fort Collins or Riverdale) and you must submit required documents to be considered. Please ensure the content of your resume adequately addresses the qualification requirements of the position as listed in the solicitation announcement.**

**Selection will be made without discrimination for non-merit reasons such as race, color, religion, sex, national origin, age, handicapping condition, marital status, sexual orientation, or political affiliation.**

**About the Organization:**

The U.S. Department of Agriculture (USDA), Animal & Plant Health Inspection Service, Veterinary Services (VS) Resources, People, & Services, General Services Division provides VS-wide operational & administrative direction in the areas of Facilities, Fleet, Property, Travel, Time & Attendance, Safety, Security, & Continuity of Operations. General Services administers these activities in support of the VS Deputy Administrator, VS Executive Team (VSET) and each of the VS business units.

**Major Duties and Responsibilities:**

In this position, the incumbent will work with a team of 5 individuals performing one or more of the following functions, as assigned by General Services leadership:

### **Realty and Space Management**

- Serves as the VS Space Manager liaison with MRPBS, AAMD Facilities staff concerning management of space.
- Participates in strategically planning for future space needs by analysis of growth trends being sure to comply with existing regulations, policies, and procedures.
- Facilitates and coordinates new employee needs including office/cubicle assignment, and equipment needs such as computers, telephones, furniture, etc.
- Prepares and coordinates the necessary plans and/or specifications for acquisitions, utilization, occupancy, and disposal of property as it relates to space management.
- Coordinates with Facilities any planned alterations or renovations to existing space. Develops, schedules, and coordinates the movement of personnel and equipment.

### **Fleet Management**

- Tracks and maintains oversight for all assigned government operated vehicles (GOV). Monitors all VS fleet cards and works closely with the APHIS Fleet Manager regarding issuance of new cards and any inconsistencies, lost/stolen cards, and vehicle repairs exceeding \$3,000. Places procurement requests for new vehicles and coordinates the transfer or sale of used vehicles. Monitors accident reporting and refers claims to the appropriate officials.
- Creates and maintains fleet/vehicle files involving purchase, registration, maintenance, use and disposal of government vehicles. Monitors maintenance of the fleet vehicles and determines when life years are maximized based on age and/or mileage. Informs management when it is time to dispose/acquire vehicles and best method with which to excess.

### **Equipment/Property**

- Serves as VS-wide liaison for action officers within MRPBS, Acquisition and Asset Management Division.
- Serves as a VS Accountable Property Management Officer, provides guidance and manages VS program.
- Develops and implements standardized processes to allow preparation of centralized property reports based on regular reporting from business units.
- Maintains IT inventory and life-cycle replacement.
- Develops and implements SharePoint site for information portal.

### **Reports**

- Researches and compiles statistics and informational data for recurring and special administrative and program reports, which often have deadlines to be observed. This information must be compiled from various sources, internal and

external, to General Services.

- Researches and answers questions using a variety of sources, including the Internet.
- Develops and provides data to produce reports useful in management decision making, and to analyze issues or problems and formulate recommendations based on data, past experience, and knowledge of project planning and program effectiveness.
- Develops information from studies, analyzes and drafts recommendations for action or decision on matters relating to Realty, fleet, space, property, etc.
- Other related duties as assigned.

**Misc. Notes:**

**Travel:** approximately 25% or less.

**Work Environment:** Work is sedentary, but requiring physical ability to use general office equipment, such as computers and telecommunications devices. It may also involve sitting for long periods of time, walking, or standing for short periods of time, and occasional bending or carrying light items.

**Relocation:** Relocation assistance will not be provided for these positions.

We are currently seeking a high-energy, multi-tasking Digital Strategist to join our team at KOAA.

The Digital Strategist (DS) will have responsibility to drive revenue growth by providing expert product knowledge, creating custom campaign presentations, and providing sales expertise and campaign strategy/guidance to a team of Account Executives and their respective clients. This is a market-based, client-facing role working under the guidance of the Director of Sales.

### **WHAT YOU WILL DO**

- Provide guidance, participate in product training for designated products which include but are not limited to: Display/Video/Social, Targeted Network Display/Pre-roll, Facebook, AdWords, SEO, OTT/CTV solutions, email, and contesting.
- Make 4 legged sales calls to consistently achieve digital market revenue goals by increasing digital campaigns with new and existing clients.
- Provide campaign guidance to Account Executives; develop strategy, help create presentations, establish KPIs, provide pacing, assist in the close of the sale, provide optimization and upsell recommendations.
- Conduct one-on-one meetings with account executives to review pacing, spending, etc..
- Knowledge of competitive landscape and monitors market trends and industries to identify new opportunities.
- Other duties as assigned

### **WHAT YOU WILL NEED**

- Bachelor's degree in related discipline or equivalent experience
- Three (3) to five (5) years sales experience, closing business and managing clients.
- Prefer experience in a sales leadership, advisory, or supervisory capacity.
- Experience in creating and successfully executing multi-faceted digital campaigns.
- Working knowledge of Google Analytics, AdWords, DFP, Facebook Audience Insights.
- Strong analytical skills and data driven thinking.
- Demonstrated record of success in a goal oriented, highly accountable sales environment
- Must have proven prospecting and closing capabilities.

### **WHAT YOU WILL BRING**

- Full understanding of entire digital portfolio of products
- Successfully sell designated digital products
- Ability to craft solutions quickly based on needs assessment
- Excellent presentation, public speaking, interpersonal and communication skills.
- Ability to develop campaigns, communicate effectiveness and make recommendations that result in effective advertiser solutions
- The ability to read, analyze, and interpret sales demographics to develop creative sales solutions
- Ability to generate reports, business correspondence, and deliver internal and/or client-facing presentations
- Strong communication skills and the capability to effectively respond to questions from managers, colleagues and customers.

- Must have the ability to calculate figures related to advertising rates, discounts, packages, ad sizes, commissions and mileage.
- Proficient use of Microsoft Office (Excel, Word, Outlook), Google Sheets/Docs/Slides and other programs such as customer relations software (WideOrbit, AdBook)
- Must have good organizational skills and ability to meet deadlines

**COMPENSATION RANGE:**

Annual Salary: \$50,000.00 - and up, based on experience plus commission eligibility

**ADDITIONAL BENEFITS:**

- A career path to grow your professional experiences
- Full medical, dental and vision benefits, as well as certain other health and wellness benefits
- Retirement savings plan with company match
- Other key company benefits include disability accident insurance, hospital indemnity, critical illness, life insurance, AD&D, ID protection, pet discount program, and employee assistance program. More details about timing and conditions of benefits eligibility and other plan terms and conditions will be provided upon hire.

Search for Req # 303494BR

**All positions are open until filled unless otherwise noted.**

### **JOB DESCRIPTION:**

As a Systems Administrator, you will be utilizing your strong analytical and problem-solving skills, you'll serve as a front-line interface to users with technical issues by conducting systems analysis and development to keep systems current with changing technologies. Your duties may include installing new software, troubleshooting, granting permissions to applications and training users. You'll also be responsible for the day-to-day support of server services by performing server administration for physical and virtual server operating systems and configuring, maintaining and troubleshooting of physical and virtual hardware and network related interfaces on servers. And, you'll perform OS and vendor software patching on servers and monitor physical and virtual servers performance using monitoring tools.

### **MINIMUM REQUIREMENTS:**

- A Bachelor's degree in Computer Science, a related field or equivalent experience is required plus a minimum of 2 years of relevant experience; or Master's degree
- Strong troubleshooting skills within the servers OS as well as both networking and storage technologies
- Good understanding of server based operating systems
- Hands-on experience deploying and supporting large-scale enterprise server solutions
