Army Community Service – Exceptional Family Member Program

The Exceptional Family Member Program (EFMP) - What is it?

The EFMP is a Department of the Army program designed to assist military personnel agencies in making assignments for the Soldier, accompanied by Family members as often as possible, based on the documented medical and special education needs of the Soldier's Exceptional Family Member (EFM). When possible, Soldiers are assigned to duty locations where the medical and special education needs of their EFM can be met. It is important to understand that this is dependent upon a valid personnel requirement for the Soldier's grade, specialty, and eligibility for the tour. All Soldiers are still eligible for worldwide and unaccompanied assignments.

To learn more, visit our EFMP webpage [HERE](#).

RESUME TIPS

Are you looking for a federal job? What's the difference between a private sector/civilian and federal resume?

If you want to apply for a government job, you must understand how the federal resume differs from the civilian resume.

CIVILIAN RESUME

- 1-2 pages long
- Keywords are Important
- Branded 'Headline'

For the private sector resume you can use graphics and trendy formats.

On this resume you want to concentrate on short accomplishment bullets focused on results.

WHAT TO DO:

Learn to write an effective civilian or federal resume, register for one of ERP's resume writing workshops. Our ERP Specialists are Certified Federal Job Search Trainers & Federal Career Coaches who can review your resume. For appointments, Call: 719.524.3816 / 524.2382

*KSA: Knowledge, Skills & Abilities

FEDERAL RESUME

- 3-5 pages long
- Keywords are imperative
- *KSAs must be covered

For the federal service resume you use a reverse chronological format with no graphics.

On this resume accomplishment stories are critical to show you are 'best qualified'.

Colorado Technical University is accredited by The Higher Learning Commission, www.hlcommission.org. CTU cannot guarantee employment, salary, or career advancement. University grants or scholarships are based on established criteria as published in the University Catalog and are awarded after verification that the conditions of eligibility have been met. REQ1647007 2/20

In 2008, Colorado Technical University created a scholarship to give back to those whose lives have been altered due to injury while serving in the United States Armed Forces. For many, the impact of an injury reaches farther than the service member alone. That's why CTU annually awards a scholarship to fifty eligible wounded service members, their spouses, non-medical attendant or caregiver and dependents.

As of August 2020, CTU has awarded 600 scholarships, totaling over \$14 million.

STEP 1

How old is your child?

Prenatal Mom to Child Age 3:

For children under 3, CPCD's Early Head Start programs serves prenatal moms, infants and toddlers living in low income situations, experiencing developmental concerns or having identified special needs. Due to the long wait lists of this program, families must qualify with these factors.

My child is between 3-5:

CPCD operates both Head Start and the Colorado Preschool Program for 3 to 5 year-olds. With these two programs eligibility needs vary. We encourage families at 300% of poverty and below to apply. Family situations and development concerns will also be factors in the placement process.

STEP 2

For children 3-5,
where do you live?

Note: We only serve families in El Paso County and certain school districts. Please [click here](#) to locate your home school and district.

CPCD operates classrooms in Harrison School District 2; Widefield School District 3; Fountain-Ft. Carson School District 8; Colorado Springs School District 11 (IF in home schools Carver, Grant, Twain, Monroe, Queen Palmer and Wilson); Academy School District 20 and Falcon School District 49 (WITH priority to Falcon and Evans home schools).

When in doubt, please call our Enrollment Department. An Enrollment Technician can walk you through the process.
