WHITE HOUSE VA HOTLINE OPERATIONAL (FLYER)

White House VA Hotline Now Fully Staffed and Operational Around the Clock to Serve Nation's Veterans

WASHINGTON — Today the U.S. Department of Veterans Affairs (VA) announced that the White House VA Hotline, first launched in June as part of President Donald J. Trump's commitment to reforming VA, is now fully staffed with live agents working to serve Veterans 24-hours a day, 365 days a year.

The hotline, which became 24-hour operational in mid-October, is now staffed by a team consisting of 90 percent Veterans or employees who have a Veteran family member, and is in response to Veterans' requests to talk to agents who could relate to their experiences.

"The White House VA Hotline provides our nation's Veterans with a direct, dedicated contact line that allows them to interact with highly trained, live agents to answer their needs and concerns," said VA Secretary David J. Shulkin.

"Since the initial launch of the hotline in June, we listened to our Veterans, who indicated that they prefer speaking with other Veterans and Veteran family members, and we adjusted our hiring based on that feedback," added Shulkin.

"We're proud that the hotline is now staffed 24/7 by a team of mostly Veterans or Veteran family members who have direct knowledge of their particular concerns and can use their experience to address them in the best way possible with the resources of the VA. This represents a true win-win for Veterans and their loved ones."

Since 24/7 coverage began in October, the hotline has served more than 10,000 callers.

Hotline agents answer inquiries, provide directory assistance, document concerns about VA care, benefits and services, and expedite the referral and resolution of those concerns. Agents undergo regular updates and training on VA services based on hotline trends and are assisted by newly implemented tracking software to help VA capture and improve its response, referral and resolution processes to best support Veterans.

The hotline can be accessed at 855-948-2311 and is VA's first non-clinical, non-emergency around-the-clock call center. It provides Veterans a supplemental option to report issues if they are not being addressed through VA's normal customer service channels.

The hotline's agents are located at a VA facility in Shepherdstown, West Virginia. Agents have access to a multitude of resources and contact information to help Veterans. The hotline also generates real-time reports to VA experts who can help address the specific issues of Veterans as well as make better-informed decisions on where program improvements are needed.

Zero Percent Student Loan Interest Relief

A Benefit for Military Service

Overview

Service members are exempt from paying interest for up to 60 months on certain student loans while serving in an area that qualifies them for special pay. Service members and veterans may receive a refund if they overpaid interest during previous periods of qualifying service.

The Department of Defense, Department of Education and Department of Veterans Affairs are working to inform eligible military borrowers of this benefit and how to take advantage.

Check out the facts and learn how to apply for zero percent student loan interest relief or receive a refund.

Determine Eligibility

The zero percent provision applies to Direct Loans or a portion of a Direct Consolidation Loan made on or after Oct. 1, 2008. Service members are eligible during any time they received hostile fire or imminent danger pay.

Review Earning Details for Special Pay

Service members need to identify if they are eligible by reviewing past leave and earning statements to determine if they received hostile fire or imminent danger pay.

Take Advantage

Eligible active duty, Reserve, and National Guard members and veterans can take advantage of this benefit to stop interest from accruing, or receive a refund for prior overpayments of interest:

- Check your loan type and loan servicer by logging in to My Federal Student Aid.
- Provide loan servicers with any of the following forms of proof:
 - A leave and earnings statement showing receipt of hostile fire or imminent danger pay
 - * A certifying official's statement and signature
 - Military orders showing service in a hostile area

Many loan servicer websites have a dedicated information page for Service members that provides details and assistance.

A PROGRAM OF CRAIG HOSPITAL

Operation TBI Freedom (OTF) is a privately funded program of Craig Hospital, that assists Veterans and active duty military personnel living or stationed in Colorado with traumatic brain injuries (TBI) who have served since September 11, 2001. More than 7,200 military personnel with a TBI will return to Colorado in the next three years. Our program tailors a unique plan for each client that promotes optimum independence, productivity and successful reintegration into civilian life.

Each Veteran is assigned a Military Support Specialist (MSS) who is a Veteran and Certified Brain Injury Specialist. The MSS begins with a comprehensive analysis of the Veteran's needs and concerns. It is the responsibility of the MSS to use all resources—the Veterans Administration, local governmental and non-governmental entities—as efficiently as possible, ensuring no duplication of effort. OTF analyzes complex VA benefits, identifies potential benefit enhancements and assists the Veteran in maximizing his or her access to healthcare and other benefits. OTF has leveraged more than \$5.5 million in services and therapies through our partnerships with military and community organizations.

Services provided or coordinated by OTF include the following:

- · Crisis management and counseling
- Employment training and support
- Peer and Family support groups
- Assistive technology devices
