### **Job Description for Journeyman/ Tech ( Colorado Springs CO)**

Responsible for the installation of commercial HVAC equipment (boilers, chillers, RTUs, split systems, heat pumps, cooling towers, etc.) on assigned projects and while ensuring customer satisfaction. Performs repairs, overhauls, and start-ups/commissioning of commercial HVAC systems. Uses a variety of hand tools, follows blueprints, wiring diagrams, piping schemes or engineering specifications, to install equipment.

Prepares for on-site installation and repairs by examining building layout, anticipating difficulties, gathering materials and coordinating on-site work as necessary; Documents work by completing paperwork on each job and maintaining files. Keeps current all manufacturers' products concerning installation, operation, maintenance, service, and repair. Provides technical support to customers; Flexibility to work overtime/weekends, as required.

#### **Performs additional job duties as requested**

- 5+ years' experience in commercial/industrial HVAC projects/installation –
- Honesty, Integrity and Attention to Detail
- Refrigeration Install and Service – Medium and Low Temp
- RTU, Boiler, Cooling Tower Install and Service
- Split System AC and Furnace Install and Service
- Valid CO Driver's License and Clear MVR
- Can successfully pass a criminal background check
- Strong organizational and communication skills
- Willingness to be a team player and possess leadership qualities

### **Salary for this role is based on Apprenticeship and level of experience**

**Network+ Trainer****School of Cybersecurity & Information Assurance****Non-Exempt, Contingent 1, Part-Time, Pay Grade Stateside Contingent 1****Location: Fort Carson, CO**

The Network+ Trainer reports to the Regional Director and is responsible for providing training for CompTIA's Network+ certification curriculum. The Trainer achieves program success by working closely with the trainees and the supervisor, to address the needs of trainees in passing the Network+ certification. This position requires face-to-face instruction at UMGC's instructional facilities at Fort Carson, Colorado from Monday through Friday, (5:30 to 9:30 p.m. Monday through Thursday, 5:30 to 8:30 p.m. Friday).

**SPECIFIC RESPONSIBILITIES INCLUDE:**

- Lead training sessions and conduct learning activities pertaining to CompTIA Network+ certification.
- Follow the UMGC Teaching Guide (given to trainers) and ensure that all identified activities are completed within the specified days.
- Assess trainee performance and recommend additional learning activities to the trainees, as needed, via an end of course practice exam.
- Answer questions from the trainees and provide tutoring within the session as needed.
- Work closely with the supervisor and UMGC's academic leadership, to provide feedback and information for continuous improvement of the training curriculum
- Maintain student attendance and other required records
- Maintain security of the lab and associated equipment.

**REQUIRED EDUCATION, EXPERIENCE, AND SKILLS:**

- CompTIA CTT+ certification
- CompTIA Certified Instructor for Network+
- At least two (2) years' experience in leading technical training sessions in Network+
- In-depth knowledge and practical experience of computer networking and related topics
- Bachelor's degree in an IT area, from a regionally accredited institution.
- Ability to lead face-to-face training sessions on technical matters in a professional manner
- Excellent people skills, time management skills, and presentation skills
- Ability to work with Military personnel and awareness of the needs and challenges faced by Military learners
- Commitment to student success
- Ability to work closely with others

**PREFERRED EDUCATION AND EXPERIENCE:**

- Master's degree in an IT area from a regionally accredited institution
- At least five (5) years' experience leading training sessions in Network+

**Position Available and will Remain Open until Filled**  
**Salary Commensurate with Experience**
