### **BUTTS ROAD CONSTRUCTION ALTERNATE ROUTES**

A Butts Road reconstruction project between the Crows Foot Bridge and Wilderness Road begins May 29 and is slated for completion by Sept. 30. The reconstruction project involves repaving the roadway and intersection improvements at Skyraider Lane, Route 5A and Frank Baldwin Road. During the reconstruction, there will be two-way traffic flow open on Butts Road during the duty day. Flaggers will reduce traffic to one-way through the work zones at night and on weekends. Despite two-way traffic flow open on Butts Road during the day, traffic speeds will be reduced and drivers should anticipate additional delays. It is recommended that drivers consider using alternate routes such as those through Gates 6 and 19 while the project is underway. For more information regarding this project, contact the Directorate of Public Works Traffic Engineering at 526-9267.

### **COMMUNITY INFORMATION EXCHANGE**

The next Community Information Exchange will be held on Thursday, June 28th at the Elkhorn, 9:00a.m.

## **Florissant Fossil Beds National Monument News Release**

Military Appreciation Day at Florissant Fossil Beds, Saturday June 30, 8:00 AM – 6:00 PM

On Saturday June 30, Florissant Fossil Beds National Monument will be hosting a Military Appreciation Day for the military community. All US Active Duty Military and their families will receive a free pass to all national parks and monuments in the United States. Throughout the day, the Monument will be offering ranger guided programs. In addition there will be live music and a Geology Boot Camp for Kids.

National parks and the military have strong ties going back to the establishment of Yellowstone as the world's first national park in 1872. The U.S. Cavalry watched over America's national parks and did double duty, serving as the first park rangers until the National Park Service was created 44 years later.

The National Park Service preserves and shares the stories of the American military over the last three centuries. Our National Park System provides opportunities for our military community to connect to the beautiful landscapes, to enjoy recreation, to heal, and to learn about the places and history they defend.

### **Activities for Military Appreciation Day:**

## OPERATION TBI FREEDOM

## A PROGRAM OF CRAIG HOSPITAL

Operation TBI Freedom (OTF) is a privately funded program of Craig Hospital, that assists Veterans and active duty military personnel living or stationed in Colorado with traumatic brain injuries (TBI) who have served since September 11, 2001. More than 7,200 military personnel with a TBI will return to Colorado in the next three years. Our program tailors a unique plan for each client that promotes optimum independence, productivity and successful reintegration into civilian life.

Each Veteran is assigned a Military Support Specialist (MSS) who is a Veteran and Certified Brain Injury Specialist. The MSS begins with a comprehensive analysis of the Veteran's needs and concerns. It is the responsibility of the MSS to use all resources—the Veterans Administration, local governmental and non-governmental entities—as efficiently as possible, ensuring no duplication of effort. OTF analyzes complex VA benefits, identifies potential benefit enhancements and assists the Veteran in maximizing his or her access to healthcare and other benefits. OTF has leveraged more than \$5.5 million in services and therapies through our partnerships with military and community organizations.

Services provided or coordinated by OTF include the following:

- Crisis management and counseling
- Employment training and support
- Peer and Family support groups
- Assistive technology devices
- Emergency financial assistance for food and housing needs
- Mentoring
- Medical care
- Parenting classes
- Mental health referrals
- Assistance navigating complicated benefit processes
