ACS Family Advocacy Program Victim Advocacy Program

What is a Victim Advocate?

A Victim Advocate (VA) is a trained professional who provides *non-clinical* advocacy services and support to Soldiers and Family members experiencing domestic abuse.

Victim advocates are on-call 24 hours a day/7 days a week to provide crisis intervention, safety planning, *non-judgmental* support, assistance in securing medical treatment for injuries, information on legal rights and proceedings, and referrals to military and civilian resources. The on-call VA will empower you to make informed and independent decisions to support your recovery process.

We Act.

What Services Can I Expect from the Victim Advocate?

- ▶ Crisis intervention and non-clinical support
- ▶ Safety assessment and planning
- ▶ Information on the Transitional Compensation Program
- ▶ Coordination of emergency services; transportation, housing, food, etc.
- ▶ Assistance in obtaining protective orders
- ▶ Accompaniment throughout the medical, investigative and legal processes
- ▶ Representation of victims' interests at Family Advocacy Case Review Committee meetings
- ▶ Information and referral
- ▶ Provided procedures for unrestricted and restricted reporting.

How Can I Protect Myself and My Children?

- ▶ Make a safety plan; a VA can help
- ▶ Have an emergency kit with money, medical cards, checkbook, car keys, birth certificates and other I.D., pay stubs, medicine and important phone numbers
- ▶ Plan an escape route out of your home; teach it to your children
- ▶ Know your resources (e.g., shelter, transportation and money)
- ▶ Ask family, friends and others for help
- ▶ Call the police or have someone else call
- ▶ Get medical help if you have injuries
- ▶ Ask the doctor, nurse or a friend to take pictures; save any ripped or bloody clothes as evidence and provide to either the health care provider or law enforcement
- ▶ Discuss available safety measures with the VA, including a Military Protective Order

We Care.
